RCSC/LS-63/2016/ 1614

17 November, 2016

NOTIFICATION

The 82nd Commission Meeting held on 8th November, 2016 observed that there is inconsistency in the calculation of active service period for granting promotion to eligible civil servants whose promotions are processed after they come back from long term studies. In this regard, the Commission would like to inform that the active service period calculation to grant promotion for eligible civil servants who return from the long term study shall be calculated from the actual date of physical joining/reporting to the office as specified in Section 9.5.16.3 and 13.6.13 of BCSR 2012 and not w.e.f. the study end date.

Therefore all are kindly requested to implement with immediate effect.
