April 30, 2019

Notification

This is to notify that the Royal Civil Service Commission during its 2nd Commission Meeting held on 30th April 2019 has extended the IWP submission deadline for civil servants working in schools till 31st May 2019 since Managing for Excellence System for civil servants in schools have been revised based on recommendations made by Ministry of Education and familiarization on the new changes is not completed in all the schools.

However, we request all not to wait until the deadline so as to avoid unnecessary issues like not being able to retrieve your password at the last moment and not being able to submit/open IWP because of system failure due to large number of concurrence. Kindly note that failing to submit IWP within the deadline, the services for that particular appraisal period shall be considered in-active for any HR action.

For any clarification kindly contact Policy, Planning and Performance Division, RCSC at: 02322491 (Extension No: 128) during office hours. This is issued for strict compliance.
