

## Executive Forum 2020 with the theme “Public Service Effectiveness” underway at RIGSS

21 Executives heading Ministries, Dzongkhags, Thromdes and Autonomous Agencies are attending Executive Forum on the theme “Public Service Effectiveness” at Royal Institute for Governance and Strategic Studies, Phuentsholing from 3 – 4 February 2020. The Executive Forum is a platform for Heads of Agencies to meet, network, coordinate and share common concerns.

The theme for the Executive Forum is derived from the Royal Audience received from His Majesty the Druk Gyalpo on 19<sup>th</sup> January 2020 during the end of the Bhutan Executive Services Training (BEST - 8) course at RIGSS. His Majesty urged the use of sharp tools, having an eye for details and ensuring extraordinary levels of accountability. His Majesty the Druk Gyalpo also directed that the Public Sector must set themselves to higher standards and make fundamental shifts in the way it works. With the Royal vision as the source of inspiration, RCSC through the Executive Forum engages the Executives to reflect on the roles of leadership to get higher order thinking and drive systemic changes to address complex challenges and institutionalise deeper competencies and capabilities in the Civil Service.
