

Temasek Foundation offers 10 units of Yuwell 9F-5AW Oxygen Concentrators to the Royal Government of Bhutan

The Temasek Foundation, Singapore provided 10 units of Yuwell 9F-5AW Oxygen Concentrators to the Royal Government of Bhutan. The Oxygen Concentrator is a medical-grade non-invasive breathing aid that is useful in treating patients with respiratory conditions.

The Royal Civil Service Commission as the current partner agency for the TF program in Bhutan handed over the oxygen concentrators to the Hon'ble Minister, Ministry of Health today. Our Hon'ble Health Minister conveyed her gratitude to Temasek Foundation on behalf of the people of Bhutan for standing in solidarity during the situation of COVID-19 pandemic.

The Temasek Foundation, Singapore also offered COVID-19 test kits for 10,000 tests to the Royal Government of Bhutan on April 16,2020. The RCSC would like to offer our heartfelt gratitude to Temasek Foundation for your continuous support to contain the COVID-19 pandemic in Bhutan.

Kadrinche la!
